1988 Annual Editorial Index

By Subject and Title

Automation/Technology/Modernization

	Mo.	Page
Air-Cooled Baghouse Lasts Longer For Sparta Mfg. Co. (O/R)	Sept.	90
Auburn Foundry Installs High-Powered Furnace (O/R)	Nov.	55
Cast-Fab Technologies Buys Cincinnati Milacron's Iron Foundry	Aug.	49
Dryer Cools 68 Million Pounds of Foundry Sand Without Maintenance (O/R)	Sept.	91
Emerging Technologies in Metals	Apr.	34
Flury Foundry Modernizes as Sales Grow	Jan.	26
Italian Firm Builds U.S. Permanent Mold Foundry	Mar.	23
Must Meet Challenge of Change	Jan.	8
New Approaches to Better Quality Ductile Iron	Sept.	68
New Concepts of Green Sand Technology—Part I	Feb.	21
New Concepts of Green Sand Technology—Part II	Mar.	38
Preventive Maintenance Cures Hydraulic Systems Downtime Problems	Oct.	40
Refractories Technology Update '88	Mar.	28
Robinson Foundry Automates Lost Foam Casting	April	30
Rock Island Arsenal Opens New Foundry	Sept.	66
Two Induction Melters Combine to Produce 25 Tons of Cast Iron Per Hour (O/R)	July	58
Wheland Foundry Goes High-Tech To Secure Its Future	Oct.	27

Computers/Software/Controls/Drives

Auburn Foundry Benefits from Use of Coke Produced Under SPC (O/R)	Feb.	44
Control and Measurement in Bulk Materials Transfer	May	34
Microprocessors Control Iron Charge Preparation, Melting at DeZurik (O/R)	Feb.	44

Editorials

E Pluribus Unum	Aug.	4
How Can Engineers Be Overqualified?	Oct.	4
Hurry Up '88! I Can't Wait!!	Jan.	4
Improving Your Odds	Mar.	4
Lack of Support for Foundry R&D Threatens Industry's Future	June	4
1989 U.S. Casting Sales Could Surpass 1987 by 28.5%	Dec.	5
Partners Since 1892	Sept.	4
Raw Castings or Finished Parts?	May	4
Risk-Free Work Environments vs High Safety-Risk Workers	Nov.	4
The Global Marketplace—A New Sales Opportunity?	July	4
Togetherness—The New Competitive Battle Cry	Feb.	4
Why Saturn Corporation?	Apr.	4

Governmental Affairs/International

Congress Starts Work on Trade Bill	Apr.	8
Export Now!	Aug.	22
Governmental Control Starts to Regrow	Nov.	3
Liability Bill Gets Subcommittee OK	Feb.	10
Moscow Hosts International Foundry Congress and Exhibition	Nov.	34
1988 Foundry Industry Government Affairs Conference	Apr.	76
U.S.A./Canada Foundry Trade Survey	Mar.	10

Management/Labor/Marketing

A Close-Up Look at the Plant Closing Law	Dec.	10
Casting Surcharges Benefit Producer and Customer	May	30
Executive Forecast '88—Casting Market Trends	Jan.	34
Executive Forecast '88—Casting Technology Trends	Jan.	44
Hamilton Foundry & Machine—A Phoenix Rising Again	Feb.	46
Intermet's Strategy for Worldwide Growth	July	46
Japanese Company to Build Evaporative Pattern Iron Foundry in U.S.	Sept.	58
Long-Term Outlook for U.S. Foundry Industry	Sept.	46
Metal Prices May Hurt Casting Sales	May	10
Metalcasting Management the Saturn Way	Nov.	28
Newman Mfg. Inc. Rebounds Under Employee Ownership	June	27
1987 Casting Shipments Rise 12+%	June	8
Returning a Foundry to Profitability in 12 Steps	Jan.	52
Survey Finds Job Security No. 1	July	10
Value-Added Castings Boost Sales Fivefold for Precision Enterprises	May	25
Where-To-Buy Directory	Sept.	121
Where-To-Buy Manufacturers' Directory	Sept.	B-1
Where-To-Buy Product Category Index	Sept.	A-1
Where-To-Buy Product Directory	Sept.	C-1

Material Handling/Robots/Manipulators

Automatic Guided Vehicles Break New Ground in Material Handling	July	36
Material Handling/Robotics (DATABOOK)	Dec.	F-1

Melting/Refractories/Metal Pouring/Filtering

Automatic Pouring '88	Oct.	36
Ceramic Fiber Solves Cupola Maintenance Problems at Foundry (O/R)	Oct.	50
Electric Melting System Trends	Mar.	34
Generator-Powered Melters Cut Costs, Increase Flexibility (O/R)	Feb.	45
Melting/Refractories (DATABOOK)	Dec.	B-1
Metal Pouring/Filtering (DATABOOK)	Dec.	C-1
Molten Iron is Transferred to Bell Foundry in Insulated Ladles (O/R)	Mar.	50
Molten Metal Filtration Improves Casting Quality and Machinability	Oct.	44
Recycling Aluminum with Induction Melting at Mercury Marine	Sept.	80
10 Steps to Optimize Air Carbon Arc Performance	Apr.	72

Metals/Alloys/Casting Processes

A Fresh Look at Magnesium	Oct.	61
A New Approach to Near-Net-Shape Castings	June	50
Advances at Rolls-Royce in Investment Casting Technology	May	22
Alloy Provides Needed Strength for Diecast Part on Grain Planter (O/R)	Aug.	
Alloys/Metals/Heat Treating (DATABOOK)	Dec.	A-1
Austempered Ductile Iron—A State-Of-The-Art Report	Nov.	20
Calcium Wire Improves Casting Cleanliness at Harrison Steel (O/R)	Jan.	60
Cast Aluminum Metal Matrix Composites Are Here	July	25
"Minimum Fill Time Process" Improves Diecasting Quality (O/R)	Jan.	60
Recycling Aluminum with Induction Melting at Mercury Marine	Sept.	80

Molding/Coremaking/Tooling/Patterns

Carbide Tools Solves Aluminum Casting Machining Problems (O/R)	Oct.	52
Molding/Coremaking/Tooling (DATABOOK)	Dec.	E-1
Technology Changes Affecting Sand Mold Quality	June	32

Safety/Health/Environment

Air Cooling System Raises Employee Morale and Productivity (O/R)	May	50
Industrial Vacuum Reduces Lead Dust Hazard in Brass Foundry (O/R)	July	58
Living with Environmental and Safety Regulations	Nov.	50
Recycling Foundry Waste In Highway Construction	Sept.	12
Recycling Work Gloves Saves Foundry as Much as $5 per Pair (O/R)	Aug.	65
Risk-Free Work Environments vs High Safety-Risk Workers	Nov.	4
Safety/Health/Environment (DATABOOK)	Dec.	I-1

Sand/Binders/Sand Preparation

Dryer Cools 68 Million Pounds of Foundry Sand Without Maintenance (O/R)	Sept.	92
Sand/Binders/Sand Preparation (DATABOOK)	Dec.	D-1
Thermal Reclamation Unit Saves 80% of Waste Sand at Midland Mfg. Co. (O/R)	Mar.	50

Shakeout/Cleaning/Finishing

Developments in Abrasive Products	Aug.	58
Fixed and Mobile Shakeout Systems Improve Efficiency (O/R)	Aug.	66
Recycling Foundry Waste in Highway Construction	Sept.	12
Shakeout/Cleaning/Finishing (DATABOOK)	Dec.	G-1
Waupaca Foundry Irons Out Cleaning Room Inefficiencies (O/R)	Nov.	54

Testing/Inspection/Measurement

Automatic Shaft Inspection Simplified (O/R)	Feb.	44
Developments in Metallography	Oct.	48
Flexible Fiberoptic Scopes Simplifty Inspecting Casting Interiors (O/R)	June	58
New Instrumentation Checks Piston Ovality for Major Auto Manufacturer (O/R)	Jan.	61
Portable Residual Stress Analysis Now a Production Tool (O/R)	June	58
Precision Castparts Advances Quality With Inspection System (O/R)	July	60
Testing/Inspection/Measurement (DATABOOK)	Dec.	H-1
Ultrasonic Caliper Determines Casting Nodularity at Brillion Iron Works (O/R)	Jan.	60

Trade Shows/Assocations/Societies

Dramatic Growth Is Underway at Investment Casting Institute	Aug.	36
FEF Confronts Educational Challenge	Feb.	40
Foundry Trade Fair (GIFA) 1989—A Preview	Aug.	28
Hartford AFS Congress	June	45
Hartford Welcomes Foundrymen to 92nd AFS Casting Congress	Apr.	66
Incast Country Preview	Aug.	35
Investment Casting Industry's 1988 Sales Will Exceed $3 Billion	Aug.	42
1988 AFS Award Winners	Apr.	69
1988 Expo in Print	Apr.	50
Technical Societies, Associations, and Government Offices Directory	Sept.	D-1
The Great American Cupola Rally	Oct.	46
